

DENTAL IMPLANTS

The Benefits of dental implants:

- . Avoid the embarrassment of loose dentures
- . Enjoy strong and lasting teeth
- . Restore your chewing ability
- . Create the look, feel and function of natural teeth
- . No damage to other teeth

Why choose us for your implant treatment:

- . **FREE IMPLANT CONSULTATION**
- . We use the latest implant technique
- . We offer full treatment planning to ensure the treatment suits your needs and budget
- . Clear implant options explained and illustrated
- . Complex implant treatment including: bone grafting, sinus lift, full mouth reconstruction
- . Sedation available for total comfort
- . Advanced training in implant and cosmetic dentistry

Maintenance:

Good oral hygiene is key to the longevity of your dental implants. Regular visits to the hygienist are essential.
